The School Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the ConApp and ESEA Program Improvement into the SPSA. The following Plan components are addressed in the School Plan for Student Achievement as indicated below:

SECTION A (Sections 1 – 4 will be addressed through the process of data analysis and completion of the Action Plan)

(1) Data Analysis Tool: Comprehensive Needs Assessment

The Data Analysis Tool includes district and site-level data for to support the analysis of school performance and progress. Data is aligned to our District's Strategic Plan and Local Control Accountability Plan (LCAP).

Data Analysis, Program Analysis, and Needs Assessment, includes data such as the following:

- Input from stakeholders (advisory committees, parents, community, etc.)
- The relationship between professional development and the successful implementation of core programs or interventions
- Evidence of implementation of monitoring activities in SPSA

(2) Data Review: School Plan for Student Achievement Annual Evaluation

The means of evaluating the progress of programs toward accomplishing the goals, including determining whether the needs of all children have been met by the strategies used, particularly the needs of low-achieving students and those at risk of not meeting state academic content standards. Monitoring of SPSA action plan and progress toward goals.

- **Highlight Strengths**: Which data reflected strengths for your school? Which prior year action steps have contributed to these areas of strength?
- **Highlight Areas for Growth**: Which data reflected areas of growth needed for your school? How will these areas for growth be addressed in your action steps and

supported by your school's budgeted expenditures? *(new or refined programs, strategies, activities, etc.*

- **Other Key Findings:** What does your overall data show regarding progress towards goals?

(3) District Goal Statements

School goals to meet the identified academic needs of students. A plan that is consistent with the LEA Plan, aligned to the GGUSD Strategic Plan and LCAP.

- **Goal 1**: All learners will develop the academic skills necessary for continual individual growth towards mastery of standards.
- **Goal 2**: All learners will develop the personal skills necessary to achieve academic and social goals.
- **Goal 3**: All learners will be prepared for lifelong success in their intended career paths.

GOAL 1 Data Review

As you review your Goal 1 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
Highlight Strengths: Which data reflected strengths for your school?	Looking at the SBAC data and the district benchmarks, it was clear that Northcutt Elementary School considers ELA their area of strength. On the SBAC, the ELA scores have continued to go up over the past three years. On the district benchmark, ELA scores more than doubled.
Which prior year action steps have contributed to these areas of strength?	We believe that it has to do with the district training, the training of the grade level chairs, our focus with the ILT team, and continuous conversations both formal and informal during staff meetings.
Highlight Areas for Growth: Which data reflected areas of growth needed for your school?	Although we have showed signs of academic growth in the area of Math, this growth has not been as substantial as ELA. On the SBAC, we basically stayed even at 35% performing at or above standards. On the benchmarks we grew over 12%. This is still a weak area and need to focus more on it this next year.
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	We will have more "focus" weeks or months on the curricular area of math (i.e. conceptual lessons, procedural lessons, IMP). Strategically cover math during one or two of the ILT sessions. Utilize the TOSA focusing on the lesson design and delivery of specific math lessons. Substitutes to be used for release for observing lessons.
Other Key Findings: What does your overall data show regarding progress towards goals?	We are progressing slowly but we are moving upwards.

Goal Two l PERSONAL SKILLS
ALL LEARNERS WILL DEVELOP THE PERSONAL SKILLS NECESSARY TO ACHIEVE ACADEMIC AND SOCIAL GOALS.

SCHOOL GOAL 2A: MOTIVATION	Students will demonstrate continued growth in their attitude towards learning.

GOAL 2 Data Review

As you review your Goal 2 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
Highlight Strengths: Which data reflected strengths for your school?	Sense of belonging in school, climate for academic learning, and feeling safe at school are all areas of growth according to our student/parent surveys.
Which prior year action steps have contributed to these areas of strength?	Our regular communication with the parents through the use of emails and Schoolmessenger, daily communication with the student body through the use of the PA system, implementation of the Character Counts program, reviewing of the school rules through assemblies and teacher classrooms.
Highlight Areas for Growth: Which data reflected areas of growth needed for your school?	On the student survey, the areas of growth turned out to be "bullying" and "clean" campus. They both came out in the 60% (ish).
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	We will continue implementing and building upon our Character Counts program. We will have at least two assemblies that focus on bullying and how to prevent it. We will continue with our monthly program of recognizing students who represent one of the highlighted character traits. Bring in guest speakers to talk to classes and individual students. Clearly define bullying so that everyone understands what it means.

GOAL 3 Data Review

As you review your Goal 3 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
Highlight Strengths: Which data reflected strengths for your school?	All of our areas came out to maintain or increase. We strive to get students prepared for college by preparing them for their years at intermediate school.
Which prior year action steps have contributed to these areas of strength?	Continue to encourage students to see themselves as college bound a college ready. Continue to use an agenda for keeping track of one's assignments.
Highlight Areas for Growth: Which data reflected areas of growth needed for your school?	Educating parents about the A-G requirements.
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	Hold one or two parent education classes in the areas of the 10 commandments and the 40 Essentials.
Other Key Findings: What does your overall data show regarding progress towards goals?	

School Plan for Student Achievement Annual Evaluation

Pursuant to California Education Code Section 64001(g), the School Site Council (SSC) must evaluate at least annually the effectiveness of planned activities. In the cycle of continuous improvement of student performance, evaluation of the results of goals will provide data to inform and guide subsequent plans. The school must be able to provide evidence of the evaluation process to determine if the needs of students are being met by the strategies described in the SPSA.

Section	Annual Evaluation Summary Description Use the guiding questions above and provide a summary response for each area of evaluation.
Plan Priorities	Priority 1 - Math. Expenditures: intervention, PD. Priority 2 - Bullying and Cleanliness of the campus. Expenditures: Assemblies, materials, PD. Priority 3 - Educating parents on the A-G requirements. Expenditures: Presenter, materials, and training.
Plan Implementation	After school intervention didn't always focus in on Math. The offer was made to all teachers to do after school intervention with their students. About 45% of the teachers did intervention and of the 45% about 10% of those teachers worked on math. They mostly focused on ELA and Writing. We need to focus more on math.
Strategies and Activities	Activities: after school intervention, extra curricular activities, and professional development. Strategies: IMP lessons, lesson study, teacher/teacher observations.
Involvement/ Governance	The advisory committees, SSC committee, and the staff were all involved through formal and informal meetings to discuss and analyze the plan. The advisory committee was joined with the SSC and gave their input during their discussions. The staff provided input and the administrator shared the results with the SSC during their scheduled meetings. The plan was monitored by the SSC as well as the administrator. To make this more of a success, the administrator needs to look at the big picture, plan for the big picture, and implement the plan with the big picture in mind.
Outcomes	We met goal 1A through our consistent efforts to improve in this area. The goal we didn't really make was goal 1b and 2a. There needs to be a more focused attention in the areas of scholarly habits, EL population, and student motivation. We will begin to explore this in the 2018/2019 school year.

School Parental Involvement Policy: 2018-19

Involvement of Parents in the Title I Program & Building Capacity for Involvement

Our school engages parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. The state identified twelve requirements, which have been organized into six categories based on the framework of six types of parental involvement: parenting, communicating, volunteering, learning at home, decision making, and collaborating with the community. To help reach these goals, and involve parents in the Title I program at our school, the following practices have been established:

PARENTING: Help all families establish home environments to support children as students.
1. Our school convenes an annual meeting to inform parents of Title I students about Title I requirements and about the right of parents to be involved in the Title I program. Our school provides parents of Title I students with timely information about Title I programs.   2. Our school offers a flexible number of meetings for Title I parents, such as meetings in the morning or evening, including multiple opportunities for parent education programs.
The school provides parents with information about the school's participation in and the requirements of programs such as, Title I, English Learners (EL), Special Education, Gifted and Talented Education, and the LEA plan. The school organizes opportunities for parents to be involved throughout the school year. Information regarding the school's programs and their rights to be involved will be distributed to parents at the beginning of the school year. The school will schedule ongoing parent meetings to disseminate information regarding Title I and other school programs.
Information regarding parent meetings is distributed through monthly PTA meetings, once a trimester SSC meetings, bi-weekly School Messenger messages, the marquee, Peachjar, and the occasional flyer. PTA meetings are held on the first Thursday of the month, SSC meetings are held every trimester, School Messenger messages are done once or twice a month on a Sunday evening.

COMMUNICATING: Design effective forms of school-to-home and home-to-school communications about school programs and children's progress.
3. Our school distributes information related to school and parent programs, meetings, and other activities to Title I parents in a format and language that the parents understand.   4. ACCESSIBILITY: The school provides opportunities for the participation of all Title I parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. Information and school reports are provided in a format and language that parents understand.   5. Our school has developed a written Title I parental involvement policy with input from Title I parents. It has distributed the policy to parents of Title I students. The policy describes the means for carrying out Title I parental involvement requirements [20 USC 6318 Section 1118(a)-(f) inclusive].

Parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students, identify their home language and preferred correspondence language during school registration. For language needs exceeding 15% of the school population, information will be made available in those languages. All notices, flyers, newsletters, etc., are translated by either school staff or the translators at the ARC. School community liaisons are available to provide interpretation for parent meetings, parent conferences, and other activities at the school site.

The school developed the policy with parent input gathered through parent meetings, PTA meetings, SSC meetings and ELAC meetings. The school distributed the policy via the website, parent/teacher conferences, back-to-school packets, and Open House. The policy is also available in the school office.

VOLUNTEERING: Recruit and organize parent help and support.

6.   Our school provides support for parental involvement activities requested by Title I parents.
7.   With the assistance of Title I parents, the school educates staff members about the value of parent contributions, and in how to work with parents as equal partners.

Parents will be provided with information on how to become involved in school or district parent governance committees, parent organizations, parent education groups, or other parent volunteer opportunities.

The annual parent survey provides parents an opportunity to provide input into parent involvement needs. These results from the survey are shared with the staff and parents, which help to guide the action planning process for the school site.

LEARNING AT HOME: Provide information and ideas to families about how to help students at home with homework and other curriculum-related activities, decisions, and planning.

8.   Our school provides parents of Title I students with an explanation of the curriculum used at the school, the assessments used to measure student progress, and the proficiency levels students are expected to meet.
9.   Our school provides Title I parents with assistance in understanding the State's academic content standards, assessments, and how to monitor and improve the achievement of their children. Our school provides parents with materials and training to help them work with their children to improve their children's achievement.

Teachers explain the curriculum and assessments used to measure student progress at Back-To-School Night and parent-teacher conferences. The principal will share additional information with parents during other parent meetings.

We are planning to have a 10 Educational Commandments and/or 40 Developmental Assets for our parents during the 2018/2019 school year.

DECISION MAKING: Include parents in school decisions, developing parent leaders and representatives.

10. If requested by parents of Title I students, the school provides opportunities for regular meetings that allow the parents to participate in decisions relating to the education of their children.
11. Our school involves parents of Title I students in an organized, ongoing, and timely way, in the planning, review, and improvement of the school's Title I programs and the Title I parental involvement policy.

The review of the School Parental Involvement Policy is included as part of the annual review of the School Plan for Student Achievement (SPSA). The policy is updated periodically to meet changing needs of parents and the school. The school has a process in place for involving parents in planning and designing the school's programs, the school may use that process if it includes adequate representation of parents of Title I children [20 USC 6318 Section 1118(c)(3)]. The district provides a timeline for requirements related to Title I, parent involvement, SSC and ELAC topics to be discussed, as well as the process of reviewing and developing the SPSA, including this parental involvement policy.

The school site invites parents to participate on the School Site Council, ELAC, and other parent committees. When on these committees, parents are involved in the development of the school plan and given an opportunity to provide input and feedback.

COLLABORATING WITH THE COMMUNITY: Identify and integrate resources and services from the community to strengthen school programs, family practices, and student learning and development.

12. Our school coordinates and integrates the Title I parental involvement program with other programs, and conducts other activities, such as parent resource centers, to encourage and support parents in more fully participating in the education of their children.

The District's Parent and Community Outreach Department provides guidance, support, and training to parents, teachers, administrators, and support staff. The activities of the Parent and Community Outreach include:
- Providing professional development opportunities in parent education programs
- Serving as a link to parent and community resources
- Developing and encouraging high-quality parent programs and parental involvement opportunities at school sites
- Coordinating parent education and community outreach meetings

Our school has designated staff and/or school-community liaisons that provide outreach to families, serve as a resources for parents, and collaborate with the community to support parents and families. The district and school have partnerships with community agencies to offer afterschool programs, counseling and mental health services, health and safety programs, and tutoring programs that serve to support student learning and development.

SCHOOL-PARENT COMPACT

Our school distributes to parents of Title I students a school-parent compact. The compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. It describes specific ways the school and families will partner to help children achieve the State's high academic standards. It addresses the following legally required items, as well as other items suggested by parents of Title I students.
- **The school's responsibility to provide high-quality curriculum and instruction**
- **The ways parents will be responsible for supporting their children's learning**
- **The importance of ongoing communication between parents and teachers through, at a minimum, annual parent-teacher conferences; frequent reports on student progress; access to staff; opportunities for parents to volunteer and participate in their child's class; and opportunities to observe classroom activities**

[Upload a copy of the compact to DTS.]

SECTION E: ESTABLISHMENT OF THE SCHOOL SITE COUNCIL (SSC)
*RECORDS MUST BE RETAINED FOR 3 YEARS

At elementary schools, the council must be constituted to ensure parity between (a) the principal, classroom teachers and other school personnel and (b) parents of pupils attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must, in addition, be equal numbers of students and parents or other community members selected by parents. Teachers, other school personnel, parents and (at secondary schools) students select representatives to the council (Education Code 52012). The Council must have at least 10 members at elementary sites and 12 members at secondary sites.

Composition of an Elementary School Site Council
 	
Composition of a Secondary School Site Council
	Describe each of the following steps in the establishment of the school site council (Education Code Section 52012). Note that replacement of school site council members must be through peer selection, not appointment, unless the replacement is for the remainder of the school year.
	
	a. Peer selection process: The council shall be composed of the principal and representatives of teachers selected by the school, other school personnel selected by other personnel at the school, parents of pupils attending the school selected by such parents, and in the secondary school, pupils selected by pupils attending the school. The peer selection process may include:
	
	    1. <u>Ballot By Mail:</u> In a letter, we include a form for self-nomination. After all the nominations have been received, a ballot is sent home with all students for parents to vote. Parents from last year's SSC handle this process and count the ballots.
	    2. <u>Back To School Night Election:</u> In the letter, we include a form for self-nomination. After all the nominations have been received, parents and school personnel are informed that the election will be held prior to Back To School Night, stating the date and time. Ballots are prepared and a voting station set up for parents and guardians to vote. Parents from last year's SSC count the ballots.
	
	b. Members' terms of office: Members will serve one- or two-year terms.
	c. Procedure for replacing a member:
	The procedure for replacing a member shall be pre-determined. Recommended procedures include:
	    1. Mid-year elections may be held.
	    2. Members are replaced using a peer selection process.
	    3. Volunteers may be asked to complete the year, a replacement will be appointed, and elections will be held in October of the following school year.
