The School Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the ConApp and ESEA Program Improvement into the SPSA.

The following Plan components are addressed in the School Plan for Student Achievement as indicated below:

SECTION A (Sections 1 – 4 will be addressed through the process of data analysis and completion of the Action Plan)

(1) Data Analysis Tool: Comprehensive Needs Assessment

The Data Analysis Tool includes district and site-level data for to support the analysis of school performance and progress. Data is aligned to our District’s Strategic Plan and Local Control Accountability Plan (LCAP).

- Evidence of implementation of monitoring activities in SPSA

(2) Data Review: School Plan for Student Achievement Annual Evaluation

The means of evaluating the progress of programs toward accomplishing the goals, including determining whether the needs of all children have been met by the strategies used, particularly the needs of low-achieving students and those at risk of not meeting state academic content standards. Monitoring of SPSA action plan and progress toward goals.

- **Highlight Strengths:** Which data reflected strengths for your school? Which prior year action steps have contributed to these areas of strength?
- **Highlight Areas for Growth:** Which data reflected areas of growth needed for your school? How will these areas for growth be addressed in your action steps and

supported by your school's budgeted expenditures? (*new or refined programs, strategies, activities, etc.*)

- **Other Key Findings:** What does your overall data show regarding progress towards goals?

(3) District Goal Statements

School goals to meet the identified academic needs of students. A plan that is consistent with the LEA Plan, aligned to the GGUSD Strategic Plan and LCAP.

- **Goal 1:** All learners will develop the academic skills necessary for continual individual growth towards mastery of standards.
- **Goal 2:** All learners will develop the personal skills necessary to achieve academic and social goals.
- **Goal 3:** All learners will be prepared for lifelong success in their intended career paths.

GOAL 1 Data Review

As you review your Goal 1 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
<p>Highlight Strengths: Which data reflected strengths for your school?</p>	<p>Goal 1a-The percent of students who met or exceeded standards in ELA and math increased from the 2015-16 school year to the 2016-17 school year, as measured by State Standardized Assessments and District Benchmarks. Goal 1b-The percent of EL students who met or exceeded standards in ELA and math increased from the 2015-16 school year to the 2016-17 school year. In addition, the percentage of EL students who met or exceeded on the math benchmark was above the district average. Goal 1c-Students continue to show growth in self-management and scholarly/work habits.</p>
<p>Which prior year action steps have contributed to these areas of strength?</p>	
<p>Highlight Areas for Growth: Which data reflected areas of growth needed for your school?</p>	<p>Goal 1a- Wakeham's achievement data is not at or above the district average in percentage of students meeting or exceeding standards in ELA and math. Goal 1b-Wakeham's achievement data is not at or above the district average in percentage of EL students meeting or exceeding standards in ELA and math.</p>
<p>How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)</p>	<p>Continued emphasis will be placed on SED and EL students. RTI, Interventions, and Parent Education will continue to target these groups</p>
<p>Other Key Findings: What does your overall data show regarding progress towards goals?</p>	<p>Wakeham is making strong progress in the percentage of students who met or exceed standards in ELA and math. The school will place an increased focus on the percentage of EL students passing the CELDT and reclassifying.</p>

GOAL 2 Data Review

As you review your Goal 2 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
<p>Highlight Strengths: Which data reflected strengths for your school?</p>	<p>Goal 2a-The percentage of students who felt the school has high expectations increased from the 2015-16 school year to the 2016-17 school year.</p> <p>Goal 2c-The percentage of students who felt safe at school increased from the 2015-16 school year to the 2016-17 school year and the percentage of students who were victims of bullying decreased.</p>
<p>Which prior year action steps have contributed to these areas of strength?</p>

GOAL 3 Data Review

As you review your Goal 3 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
<p>Highlight Strengths: Which data reflected strengths for your school?</p>	3a-Wakeham students' college and career readiness scores are consistently higher than the district average.
Which prior year action steps have contributed to these areas of strength?	
<p>Highlight Areas for Growth: Which data reflected areas of growth needed for your school?</p>	3b-Wakeham students' college and career articulation rates are below the district average.
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	Continue to provide students and parents with opportunities to learn more about two and four year colleges and trade schools.
<p>Other Key Findings: What does your overall data show regarding progress towards goals?</p>	

School Plan for Student Achievement Annual Evaluation

Pursuant to California Education Code Section 64001(g), the School Site Council (SSC) must evaluate at least annually the effectiveness of planned activities. In the cycle of continuous improvement of student performance, evaluation of the results of goals will provide data to inform and guide subsequent plans. The school must be able to provide evidence of the evaluation process to determine if the needs of students are being met by the strategies described in the SPSA.

Section	Annual Evaluation Summary Description Use the guiding questions above and provide a summary response for each area of evaluation.
Plan Priorities	(Goal 1) Increased emphasis will be placed on SED and EL students. RTI, Interventions , and Parent Education will continue to target these groups. (Goal 2) Increased staff development and focus on Anti-Bullying will occur. Working collaboratively with our community partners
Plan Implementation	(Goal 1) Professional development opportunities occurred on a frequent and on going basis, both at the school site and district office. (Goal 1) Extended Learning Opportunities were not provided every trimester. The barrier was time and personnel. To mitigate the barrier Tier 2 interventions were implemented during the school day. (Goal 2) Wakeham continued it's strong partnership with the Stanton Sherif's Department. (Goal 2) The Be Brave Be safe curriculum was not taught across all grade levels.
Strategies and Activities	(Goal 1) Extended Learning Opportunities were provided to selected students after school. Preliminary SBAC scores show an increase in the number of those students scoring proficient in math. (Goal 2) More staff development and learning opportunities are needed around Anti-Bullying. Limited professional development and follow up student curriculum resulted in inconsistent outcomes. Wakeham will continue to focus on AntiBullying and mental health with the Be Brave Be safe curriculum.
Involvement/ Governance	SSC and ELAC were provided with an overview in the fall and spring.
Outcomes	(Goal 1) Professional development opportunities occurred on a frequent and on going basis, both at the school site and district office. (Goal 1) Extended Learning Opportunities were not provided every trimester. The barrier was time and personnel. To mitigate the barrier Tier 2 interventions were implemented during the school day. (Goal 2) Wakeham continued it's strong partnership with the Stanton Sherif's Department. (Goal 2) The Be Brave Be safe curriculum was not taught across all grade levels.

School Parental Involvement Policy: 2018-19

Involvement of Parents in the Title I Program & Building Capacity for Involvement

Our school engages parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. The state identified twelve requirements, which have been organized into six categories based on the framework of six types of parental involvement: parenting, communicating, volunteering, learning at home, decision making, and collaborating with the community. To help reach these goals, and involve parents in the Title I program at our school, the following practices have been established:

PARENTING: Help all families establish home environments to support children as students.

- 1. Our school convenes an annual meeting to inform parents of Title I students about Title I requirements and about the right of parents to be involved in the Title I program. Our school provides parents of Title I students with timely information about Title I programs.**
- 2. Our school offers a flexible number of meetings for Title I parents, such as meetings in the morning or evening, including multiple opportunities for parent education programs.**

The school provides parents with information about the school's participation in and the requirements of programs such as, Title I, English Learners (EL), Special Education, Gifted and Talented Education, and the LEA plan. The school organizes opportunities for parents to be involved throughout the school year. Information regarding the school's programs and their rights to be involved will be distributed to parents at the beginning of the school year. The school will schedule ongoing parent meetings to disseminate information regarding Title I and other school programs.

The schedule of parent meetings and parent education opportunities are disseminated to parent through electronic messaging, school website, newsletters, School Messenger, calendar, marquee, etc.

COMMUNICATING: Design effective forms of school-to-home and home-to-school communications about school programs and children's progress.

- 3. Our school distributes information related to school and parent programs, meetings, and other activities to Title I parents in a format and language that the parents understand.**
- 4. ACCESSIBILITY: The school provides opportunities for the participation of all Title I parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. Information and school reports are provided in a format and language that parents understand.**
- 5. Our school has developed a written Title I parental involvement policy with input from Title I parents. It has distributed the policy to parents of Title I students. The policy describes the means for carrying out Title I parental involvement requirements [20 USC 6318 Section 1118(a)-(f) inclusive].**

Parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students, identify their home language and preferred correspondence language during school registration. For language needs exceeding 15% of the school population, information will be made available in those languages. All

notices, flyers, newsletters, etc., are translated by either school staff or the translators at the ARC. School community liaisons are available to provide interpretation for parent meetings, parent conferences, and other activities at the school site.

The school developed the policy with parent input gathered through surveys, parent meetings, School Site Council meetings, and ELAC meetings.

VOLUNTEERING: Recruit and organize parent help and support.

6. Our school provides support for parental involvement activities requested by Title I parents.

7. With the assistance of Title I parents, the school educates staff members about the value of parent contributions, and in how to work with parents as equal partners.

Parents will be provided with information on how to become involved in school or district parent governance committees, parent organizations, parent education groups, or other parent volunteer opportunities.

- The annual parent survey provides parents an opportunity to provide input into parent involvement needs. These results from the survey are shared with staff and parents, which help to guide the action planning process for the school site.
- Through staff meetings and professional development opportunities, teachers and other staff are educated about the value of parent contributions and how to work with parents as equal partners.
- Parents are invited to participate in special programs such as GRIP and Padres en Accion.

LEARNING AT HOME: Provide information and ideas to families about how to help students at home with homework and other curriculum-related activities, decisions, and planning.

8. Our school provides parents of Title I students with an explanation of the curriculum used at the school, the assessments used to measure student progress, and the proficiency levels students are expected to meet.

9. Our school provides Title I parents with assistance in understanding the State's academic content standards, assessments, and how to monitor and improve the achievement of their children. Our school provides parents with materials and training to help them work with their children to improve their children's achievement.

Teachers explain the curriculum and assessments used to measure student progress at Back-To-School Night and parent-teacher conferences. The principal will share additional information with parents during other parent meetings.

The principal meets with parents monthly at PTO/SSC/ELAC meetings. Parents are invited to attend bi-monthly Parent Education meetings.

DECISION MAKING: Include parents in school decisions, developing parent leaders and representatives.

10. If requested by parents of Title I students, the school provides opportunities for regular meetings that allow the parents to participate in decisions relating to the education of their children.

11. Our school involves parents of Title I students in an organized, ongoing, and timely way, in the planning, review, and improvement of the school's Title I programs and the Title I parental involvement policy.

The review of the School Parental Involvement Policy is included as part of the annual review of the School Plan for Student Achievement (SPSA). The policy is updated periodically to meet changing needs of parents and the school. The school has a process in place for involving parents in planning and designing the school's programs, the school may use that process if it includes adequate representation of parents of Title I children [20 USC 6318 Section 1118(c)(3)]. The district provides a timeline for requirements related to Title I, parent involvement, SSC and ELAC topics to be discussed, as well as the process of reviewing and developing the SPSA, including this parental involvement policy.

The school invites parents to participate on the School Site Council and other parent committees. Parents are also involved in the development of the school plan and are given an opportunity to provide feedback into school actions through meetings and the annual parent survey.

COLLABORATING WITH THE COMMUNITY: Identify and integrate resources and services from the community to strengthen school programs, family practices, and student learning and development.

12. Our school coordinates and integrates the Title I parental involvement program with other programs, and conducts other activities, such as parent resource centers, to encourage and support parents in more fully participating in the education of their children.

The District's Parent and Community Outreach Department provides guidance, support, and training to parents, teachers, administrators, and support staff. The activities of the Parent and Community Outreach include:

- Providing professional development opportunities in parent education programs
- Serving as a link to parent and community resources
- Developing and encouraging high-quality parent programs and parental involvement opportunities at school sites
- Coordinating parent education and community outreach meetings

Our school has designated staff and/or school-community liaisons that provide outreach to families, serve as a resources for parents, and collaborate with the community to support parents and families. The district and school have partnerships with community agencies to offer afterschool programs, counseling and mental health services, health and safety programs, and tutoring programs that serve to support student learning and development.

SCHOOL-PARENT COMPACT

Our school distributes to parents of Title I students a school-parent compact. The compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. It describes specific ways the school and families will partner to help children achieve the State's high academic standards. It addresses the following legally required items, as well as other items suggested by parents of Title I students.

- **The school's responsibility to provide high-quality curriculum and instruction**
- **The ways parents will be responsible for supporting their children's learning**
- **The importance of ongoing communication between parents and teachers through, at a minimum, annual parent-teacher conferences; frequent reports on student progress; access to staff; opportunities for parents to volunteer and participate in their child's class; and opportunities to observe classroom activities**

[Upload a copy of the compact to DTS.]
