The School Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the ConApp and ESEA Program Improvement into the SPSA.

The following Plan components are addressed in the School Plan for Student Achievement as indicated below:

SECTION A (Sections 1 – 4 will be addressed through the process of data analysis and completion of the Action Plan)

Monitoring of SPSA action plan and progress toward goals.

- **Highlight Strengths:** Which data reflected strengths for your school? Which prior year action steps have contributed to these areas of strength?
- **Highlight Areas for Growth:** Which data reflected areas of growth needed for your school? How will these areas for growth be addressed in your action steps and

supported by your school's budgeted expenditures? (*new or refined programs, strategies, activities, etc.*)

GOAL 1 Data Review

As you review your Goal 1 data, consider your school’s performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
Highlight Strengths: Which data reflected strengths for your school?	Standardized test outcomes are improving every year. GPA is steady with the District goal. "F" rates are lower than the district averages. The percent of EL students showing improvement has been above the district average for the past two years. All 1C areas are strengths: self management, scholarly habits, and work habits.
Which prior year action steps have contributed to these areas of strength?	Effective instructional delivery, implementation of curriculum, professional development, intervention, instructional support personnel, English Learner strategies, writing strategies, self-reg programs, technology, Library Media improvements.
Highlight Areas for Growth: Which data reflected areas of growth needed for your school?	Walton scores are consistently lower than the district average. Less than 50% of Walton students score proficient or above on benchmarks. There is always room for growth in ELA and in Math.
How will these areas for growth be addressed in your action steps and supported by your school’s budgeted expenditures? (new or refined programs, strategies, activities, etc.)	We will continue to offer/assign after-school intervention. We'll encourage students to take advantage of test retakes/corrections. We're in the process of weeding, scanning into circulation software, and increasing the Library books. Written assessments will be a focus schoolwide. Continue to share the Daily Lesson Objective with students at the beginning and end of the period. Advisement lessons will address scholarly habits. Students will be taught to use Aeries. Students will be encouraged to use their Walton Organizer. We will explain to families formative and summative assessments, and letter grades.
Other Key Findings: What does your overall data show regarding progress towards goals?

GOAL 2 Data Review

As you review your Goal 2 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
<p>Highlight Strengths: Which data reflected strengths for your school?</p>	Self-efficacy in students appeared higher. A growth mindset is still growing. Students view Walton as a social environment more than an academic environment. Discipline and norms are strong at Walton. There is a climate of support for academic learning.
Which prior year action steps have contributed to these areas of strength?	Encourage a growth mindset, utilize incentives to recognize excellence, focus on improved attendance, mental health support, welcoming climate, parent outreach, school-home communication, safety, discipline, and facilities maintenance.
<p>Highlight Areas for Growth: Which data reflected areas of growth needed for your school?</p>	Work habits and citizenship could be higher. Students do not feel like they belong to Walton because of a lack of activities to keep students involved; this in turn lowers their attitude towards Walton as a good school. The cleanliness and maintenance of facilities could be improved. Parental climate overall needs to be improved.
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	After-school interventions hold students accountable. The Computer Lab and the Library are open daily Summer Bridge is offered for AVID, Science, History and Math. Advisements are helping with social/emotional care for students. After-school sports are keeping students on campus. We need more activities that the students would want to get involved with. Allow students to be involved in activity choices. Students are reminded to pick up after themselves, or snack sales will be shut down. Trash pick up and gum scraping should be used as detention. Encourage all students to take ownership of their choices.
<p>Other Key Findings: What does your overall data show regarding progress towards goals?</p>

GOAL 3 Data Review

As you review your Goal 3 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
<p>Highlight Strengths: Which data reflected strengths for your school?</p>	More Walton students have completed a-g than the district average. Overall, post secondary acceptance rates for Walton students are higher than the district average.
Which prior year action steps have contributed to these areas of strength?	College/career focus, student mentoring, a-g focus, and course rigor.
<p>Highlight Areas for Growth: Which data reflected areas of growth needed for your school?</p>	While 60% of Walton students complete a-g requirements, only 25% are ready according to college placement tests. Walton student Advanced Placement rates are lower than the district average.
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	We will continue a focus on college-going culture, and advisement goal setting and growth mindset. We will continue Math Summer Bridge and Math interventions, maybe even try a Family Math Night.
<p>Other Key Findings: What does your overall data show regarding progress towards goals?</p>	

School Plan for Student Achievement Annual Evaluation

Pursuant to California Education Code Section 64001(g), the School Site Council (SSC) must evaluate at least annually the effectiveness of planned activities. In the cycle of continuous improvement of student performance, evaluation of the results of goals will provide data to inform and guide subsequent plans. The school must be able to provide evidence of the evaluation process to determine if the needs of students are being met by the strategies described in the SPSA.

Section	Annual Evaluation Summary Description Use the guiding questions above and provide a summary response for each area of evaluation.

School Parental Involvement Policy: 2018-19

Involvement of Parents in the Title I Program & Building Capacity for Involvement

Our school engages parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. The state identified twelve requirements, which have been organized into six categories based on the framework of six types of parental involvement: parenting, communicating, volunteering, learning at home, decision making, and collaborating with the community. To help reach these goals, and involve parents in the Title I program at our school, the following practices have been established:

PARENTING: Help all families establish home environments to support children as students.

- 1. Our school convenes an annual meeting to inform parents of Title I students about Title I requirements and about the right of parents to be involved in the Title I program. Our school provides parents of Title I students with timely information about Title I programs.**
- 2. Our school offers a flexible number of meetings for Title I parents, such as meetings in the morning or evening, including multiple opportunities for parent education programs.**

The school provides parents with information about the school's participation in and the requirements of programs such as, Title I, English Learners (EL), Special Education, Gifted and Talented Education, and the LEA plan. The school organizes opportunities for parents to be involved throughout the school year. Information regarding the school's programs and their rights to be involved will be distributed to parents at the beginning of the school year. The school will schedule ongoing parent meetings to disseminate information regarding Title I and other school programs.

The schedule of bi-monthly Parent Education meetings is disseminated through School Messenger and the school website. A calendar of Parent Education meetings is available in the school office. Parent Education meetings are held twice monthly, on a Tuesday morning at 9:00 am and in the evening at 6:00 pm.

COMMUNICATING: Design effective forms of school-to-home and home-to-school communications about school programs and children's progress.

- 3. Our school distributes information related to school and parent programs, meetings, and other activities to Title I parents in a format and language that the parents understand.**
- 4. ACCESSIBILITY: The school provides opportunities for the participation of all Title I parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. Information and school reports are provided in a format and language that parents understand.**
- 5. Our school has developed a written Title I parental involvement policy with input from Title I parents. It has distributed the policy to parents of Title I students. The policy describes the means for carrying out Title I parental involvement requirements [20 USC 6318 Section 1118(a)-(f) inclusive].**

Parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students, identify their home language and preferred correspondence language during school registration. For language needs exceeding 15% of the school population, information will be made available in those languages. All

notices, flyers, newsletters, etc., are translated by either school staff or the translators at the ARC. School community liaisons are available to provide interpretation for parent meetings, parent conferences, and other activities at the school site.

The school developed the Parental Involvement Policy with parent input gathered through surveys, parent meetings, and the School Site Council. The school distributes the policy via the website and is available in the school office.

VOLUNTEERING: Recruit and organize parent help and support.

6. Our school provides support for parental involvement activities requested by Title I parents.

7. With the assistance of Title I parents, the school educates staff members about the value of parent contributions, and in how to work with parents as equal partners.

Parents will be provided with information on how to become involved in school or district parent governance committees, parent organizations, parent education groups, or other parent volunteer opportunities.

The annual parent survey provides parents an opportunity to provide input into parent involvement needs. These results from the survey are shared with staff and parents, which help to guide the action planning process for the school site. Through staff meetings, teachers and other staff are educated about the value of parent contributions and how to work with parents as partners in their children's education. Staff facilitate parent education programs such as 10 Educational Commandments.

LEARNING AT HOME: Provide information and ideas to families about how to help students at home with homework and other curriculum-related activities, decisions, and planning.
