<b>GOAL 1 Data Review</b>
---------------------------

As you review your Goal 1 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
<p><b>Highlight Strengths:</b> Which data reflected strengths for your school?</p>	<p>Students have become more comfortable with self-management and self-regulation student traits per the increase in scores. Additionally, students believe they possess scholarly habits (over 90%) as well as becoming increasingly confident with their ability to manage work habits.</p>
<p>Which prior year action steps have contributed to these areas of strength?</p>	<p>Continued focus school wide on new state standards and instructional strategies</p>
<p><b>Highlight Areas for Growth:</b> Which data reflected areas of growth needed for your school?</p>	<p>Goal 1A: Based on state, district and report card data, student critical thinking and problem-solving skills continue to improve Goal 1B: Academic English, similar to goal 1A, continues to improve with Warren's EL population Goal 1C: Students have become more comfortable with self-management and self-regulation student traits per the increase in scores. Additionally, students believe they possess scholarly habits (over 90%) as well as becoming increasingly confident with their ability to manage work habits.</p>
<p>How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)</p>	<p>Warren staff will continue to focus on academic vocabulary, writing strategies and student discourse through PD, lesson studies, and data analysis</p>
<p><b>Other Key Findings:</b> What does your overall data show regarding progress towards goals?</p>	<p>Although some growth was minimal, Warren students demonstrated growth across the board with Goal 1</p>

As you review your Goal 2 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
<p><b>Highlight Strengths:</b> Which data reflected strengths for your school?</p>	Socio-emotional well being, according to survey data, is strong. Growth mindset, self-efficacy and expectations additionally are areas of strength according to Warren's student annual survey.
Which prior year action steps have contributed to these areas of strength?	Strong focus on GGUSD Goal 2. Continued integration of goal 2 within daily instruction and beyond, training/support for parents and classified personnel in these areas as well.
<p><b>Highlight Areas for Growth:</b> Which data reflected areas of growth needed for your school?</p>	A decrease in truancy and increase in attendance percentages is an area of need
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	Monthly incentives are being implemented as of August 2017 for students showing up to school on time and being in school daily. Parent newsletters/information goes home monthly.
<p><b>Other Key Findings:</b> What does your overall data show regarding progress towards goals?</p>	Warren Elementary is progressing in the area of Goal 2

## GOAL 3 Data Review

As you review your Goal 3 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
<p><b>Highlight Strengths:</b> Which data reflected strengths for your school?</p>	College/Career Readiness as well as College/Career Success continues to positively progress.
Which prior year action steps have contributed to these areas of strength?	A focus on GGUSD Goal 2 throughout the school year as well as CCMP taking place throughout the year were 2 contributing factors strengthening the area of future education. Utilizing collaborative methodology, parent education, as well as data analysis in various forms at the school site has contributed to an increase with EAP
<p><b>Highlight Areas for Growth:</b> Which data reflected areas of growth needed for your school?</p>	Continued progress is necessary with increasing the success rates of PSAT/ACT/SAT exams
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	Increased cross grade level collaborative data discussions/instructional practice discussions, additional support with PDSA through CORE Math cohort/practices, AVID implementation in grades 3-6
<p><b>Other Key Findings:</b> What does your overall data show regarding progress towards goals?</p>	Continued growth in student academic progress long term is an area needing focus and scrutiny

**School Plan for Student Achievement Annual Evaluation**

Pursuant to California Education Code Section 64001(g), the School Site Council (SSC) must evaluate at least annually the effectiveness of planned activities. In the cycle of continuous improvement of student performance, evaluation of the results of goals will provide data to inform and guide subsequent plans. The school must be able to provide evidence of the evaluation process to determine if the needs of students are being met by the strategies described in the SPSA.

Section	Annual Evaluation Summary Description Use the guiding questions above and provide a summary response for each area of evaluation.
<b>Plan Priorities</b>	1. Support to all students in the areas of ELA, Mathematics and Writing through teacher training, materials and supplies and extended learning opportunities (Goals 1A, 1C) 2. Support to EL students in acquisition of learning English Skills through teacher PD, parent trainings, and materials and supplies (Goal 1B) 3. Ensuring all students receive socio-emotional supports, improving personal skills (Goals 2A, 2B, 2C), resulting in lifelong success
<b>Plan Implementation</b>	1. Through Teacher PD and TOSA support, teachers receive training in the areas of Writing, SGRI and Math on teaching strategies supporting student comprehension and understanding of content being taught. Parents receive information as to how to support their children in these areas throughout the year; parent trainings, newsletters, school messenger, individual meetings. 2. After analyzing progress of EL students progress and areas of need through grade level/cross-grade level data meetings, teachers identified instructional strategies in support of EL students (student discourse, sentence frames, questioning strategies, notetaking strategies). An emphasis on EL focus students identified by K-12 Services guide discussions. Parents receive information as to how to support their children in these areas throughout the year; parent trainings, newsletters, school messenger, individual meetings. 3. Warren addresses socio-emotional needs of students through a monthly "growth mindset" focus, student goal-setting TK-6, as well as "Striving Scholars" from each classroom meeting and discussing GRIT, growth mindset and progress towards individual goals. Counseling supports are in place to address student individual and/or group needs. Parents receive information as to how to support their children in these areas throughout the year; parent trainings, newsletters, school messenger, individual meetings.
<b>Strategies and Activities</b>	1. Strategies that have been most effective in supporting students in ELA, Mathematics and Writing were; teacher data meetings, site and district PD trainings, co-planning/co-teaching lessons, teachers in grades 3-6 participating in CORE math PDSA process, and student consistent goal-setting throughout the year. 2. Strategies positively affecting EL student English skill acquisition/academic growth were; data meetings, discussions with teachers about K-12 EL students/LTEs and areas necessary for student growth, and staff meetings / trainings with a focus on student discourse.

	<p>3. Strategies most effective in supporting socio-emotional supports and improving personal skills with students were; monthly growth mindset meetings, "Striving Scholar" meetings with a focus on GRIT, students setting goals with their progress in the areas of math, reading, writing, identified students setting goals and graphing progress towards behaviors</p> <p>** Limited time with PD and availability of TOSAs/district personnel to support trainings placed constraints on progress of plan.</p>
<p><b>Involvement/ Governance</b></p>	<p>* SSC reviewed site plan throughout the year, provided opportunities for input and suggestions. Discussions regarding progress/lack of progress in areas were shared and discussed. Advisory committees to GGUSD brought back information to share with parents throughout the year.</p> <p>* Teacher advisory groups (GLC Members meeting monthly, ILT monthly meetings) addressed student data, progress &amp; and lack of progress as well as next step recommendations.</p> <p>* The plan was monitored through student/parent/teacher surveys as well as ongoing teacher and parent meetings. Continued ongoing monitoring and analysis of planned activities by all stakeholders will ensure site developed plan addresses needs necessary for student growth.</p>
<p><b>Outcomes</b></p>	<p>1. Teachers received PD in academic areas in support of student growth. An emphasis of writing throughout the year during ILT meetings took place, addressing student understanding of the writing process. In the area of math, teachers participated in data analysis and instructional practices to ensure meaningful student discourse was emphasized and taught. Grades 3-6 identified teaching practice in support of student learning, collecting data and discussing at grade levels through CORE PDSA process.</p> <p>2. EL student data was shared with stakeholders, with teachers looking at EL data and how to address / respond to data through instruction.</p> <p>3. All stakeholders were aware of monthly growth mindset/GRIT focus areas throughout the year. Student goal-setting took place, with all stakeholders being aware of and understanding the process.</p> <p>SPSA GOALS NOT COMPLETELY MET:</p> <p>1. Extensive PD in SGRI in support of individualized student support, AVID teacher training for all staff members and stakeholders would support District Goal 1</p> <p>2. Support for EL students through analysis of writing, supporting EL students with academic vocabulary acquisition. Ongoing PD for staff members is planned to support instruction in classes</p> <p>3. Follow-up and additional PD with TESA for all stakeholders is area of need for District Goal 2</p> <p>4. Additional opportunities for College/Career Events, inclusive of guest speakers, would support all stakeholders with District Goal 3</p> <p>5. Utilizing GGUSD F.A.R. (Focus, Act, Reflect) Model with students, teachers and stakeholders</p>

## School Parental Involvement Policy: 2018-19

### **Involvement of Parents in the Title I Program & Building Capacity for Involvement**

Our school engages parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. The state identified twelve requirements, which have been organized into six categories based on the framework of six types of parental involvement: parenting, communicating, volunteering, learning at home, decision making, and collaborating with the community. To help reach these goals, and involve parents in the Title I program at our school, the following practices have been established:

#### **PARENTING: Help all families establish home environments to support children as students.**

- 1. Our school convenes an annual meeting to inform parents of Title I students about Title I requirements and about the right of parents to be involved in the Title I program. Our school provides parents of Title I students with timely information about Title I programs.**
- 2. Our school offers a flexible number of meetings for Title I parents, such as meetings in the morning or evening, including multiple opportunities for parent education programs.**

The school provides parents with information about the school's participation in and the requirements of programs such as, Title I, English Learners (EL), Special Education, Gifted and Talented Education, and the LEA plan. The school organizes opportunities for parents to be involved throughout the school year. Information regarding the school's programs and their rights to be involved will be distributed to parents at the beginning of the school year. The school will schedule ongoing parent meetings to disseminate information regarding Title I and other school programs.

The schedule of parent meetings and parent education opportunities are disseminated to parents through electronic messaging, school website, newsletters, Peach Jar, and School Messenger. Additionally, a calendar of parent meetings and events is distributed to families. Copies are available in the school office as well as on the school website. Parent meetings include P.I.E. (Partners in Education) trainings, SSC/ELAC meetings, PTA meetings, Parent SPED meetings as well as individual/small group parent focus meetings.

#### **COMMUNICATING: Design effective forms of school-to-home and home-to-school communications about school programs and children's progress.**

- 3. Our school distributes information related to school and parent programs, meetings, and other activities to Title I parents in a format and language that the parents understand.**
- 4. ACCESSIBILITY: The school provides opportunities for the participation of all Title I parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. Information and school reports are provided in a format and language that parents understand.**
- 5. Our school has developed a written Title I parental involvement policy with input from Title I parents. It has distributed the policy to parents of Title I students. The policy describes the means for carrying out Title I parental involvement requirements [20 USC 6318 Section 1118(a)-(f) inclusive].**

Parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students, identify their home language and preferred correspondence language during school registration. For language needs exceeding 15% of the school population, information will be made available in those languages. All notices, flyers, newsletters, etc., are translated by either school staff or the translators at the ARC. School community liaisons are available to provide interpretation for parent meetings, parent conferences, and other activities at the school site.

Warren's Parental Involvement Policy was developed with parent input gathered through parent meetings, School Site Council Meetings, and ELAC Meetings. The school distributes the policy via the website, Back-to-School Night, parent information packets as well as parent-teacher conferences.

### **VOLUNTEERING: Recruit and organize parent help and support.**

**6. Our school provides support for parental involvement activities requested by Title I parents.**

**7. With the assistance of Title I parents, the school educates staff members about the value of parent contributions, and in how to work with parents as equal partners.**

Parents will be provided with information on how to become involved in school or district parent governance committees, parent organizations, parent education groups, or other parent volunteer opportunities.

The annual parent survey provides parents an opportunity to provide input into parent involvement needs. These results from the survey are shared with staff and parents, which help to guide the action planning process for the school site. Through staff meetings and professional development opportunities, teachers and other staff are educated about the value of parent contributions and how to work with parents as equal partners. Staff are to facilitate parent education programs, such as Partners in Education (P.I.E.).

### **LEARNING AT HOME: Provide information and ideas to families about how to help students at home with homework and other curriculum-related activities, decisions, and planning.**

**8. Our school provides parents of Title I students with an explanation of the curriculum used at the school, the assessments used to measure student progress, and the proficiency levels students are expected to meet.**

**9. Our school provides Title I parents with assistance in understanding the State's academic content standards, assessments, and how to monitor and improve the achievement of their children. Our school provides parents with materials and training to help them work with their children to improve their children's achievement.**

Teachers explain the curriculum and assessments used to measure student progress at Back-To-School Night and parent-teacher conferences. The principal will share additional information with parents during other parent meetings.

Parent meetings such as Math, Science and Technology Night, Partners in Education Trainings and Literacy Nights provide parents with information on how to help students at home.

### **DECISION MAKING: Include parents in school decisions, developing parent leaders and representatives.**

**10. If requested by parents of Title I students, the school provides opportunities for regular meetings that allow the parents to participate in decisions relating to the education of their children.**

**11. Our school involves parents of Title I students in an organized, ongoing, and timely way, in the planning, review, and improvement of the school's Title I programs and the Title I parental involvement policy.**

The review of the School Parental Involvement Policy is included as part of the annual review of the School Plan for Student Achievement (SPSA). The policy is updated periodically to meet changing needs of parents and the school. The school has a process in place for involving parents in planning and designing the school's programs, the school may use that process if it includes adequate representation of parents of Title I children [20 USC 6318 Section 1118(c)(3)]. The district provides a timeline for

requirements related to Title I, parent involvement, SSC and ELAC topics to be discussed, as well as the process of reviewing and developing the SPSA, including this parental involvement policy.

The school invites parents to participate on the School Site Council and other parent committees. Parents are also involved in the development of the school plan and are given an opportunity to provide feedback into school actions through meetings and the annual parent survey.

### **COLLABORATING WITH THE COMMUNITY: Identify and integrate resources and services from the community to strengthen school programs, family practices, and student learning and development.**

#### **12. Our school coordinates and integrates the Title I parental involvement program with other programs, and conducts other activities, such as parent resource centers, to encourage and support parents in more fully participating in the education of their children.**

The District's Parent and Community Outreach Department provides guidance, support, and training to parents, teachers, administrators, and support staff. The activities of the Parent and Community Outreach include:

- Providing professional development opportunities in parent education programs
- Serving as a link to parent and community resources
- Developing and encouraging high-quality parent programs and parental involvement opportunities at school sites
- Coordinating parent education and community outreach meetings

Our school has designated staff and/or school-community liaisons that provide outreach to families, serve as a resources for parents, and collaborate with the community to support parents and families. The district and school have partnerships with community agencies to offer afterschool programs, counseling and mental health services, health and safety programs, and tutoring programs that serve to support student learning and development.

### **SCHOOL-PARENT COMPACT**

Our school distributes to parents of Title I students a school-parent compact. The compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. It describes specific ways the school and families will partner to help children achieve the State's high academic standards. It addresses the following legally required items, as well as other items suggested by parents of Title I students.

- The school's responsibility to provide high-quality curriculum and instruction
- The ways parents will be responsible for supporting their children's learning
- The importance of ongoing communication between parents and teachers through, at a minimum, annual parent-teacher conferences; frequent reports on student progress; access to staff; opportunities for parents to volunteer and participate in their child's class; and opportunities to observe classroom activities

**[Upload a copy of the compact to DTS.]**
